ANC Mission:

Arkansas Northeastern College is committed to providing accessible, quality educational programs, services, and lifelong learning opportunities.

Aviation Wings Ceremony

Students in the Aviation Maintenance Technician program at ANC learn an important and valuable trade. In the AMT program, students complete the equivalent of an apprenticeship program. Over half the program involves "hands on" labs that teach the skills needed to repair aircraft. As a result, 97% of ANC graduates are certified by the FAA as credentialed Airframe and Powerplant aircraft technicians.

This spring, eight individuals received their "Wings" and a technical certificate in aircraft maintenance. By August, ten additional people will complete the requirements for the program and qualify for the Wings ceremony. The Aircraft Mechanic's Creed pledge includes the following statement: "Knowing full well that the safety and lives of others are dependent upon my skill and judgment, I shall never knowingly subject others to risks which I would not be willing to assume for myself or for those dear to me."

It is imperative that students understand and take to heart the serious nature of the trade they are learning. The Aviation Maintenance trade is rewarding work, and also provides the ability to earn a good living that is in excess of \$50,000 annually for most. In addition, the trade offers mobility to those who want to work, travel and earn. This is an excellent program for those who may be uncertain about attending college. ANC Avionics offers an exciting opportunity to build a rewarding career.

SSS Hosts 2013 Graduate Luncheon

Each year, Student Support Services sponsors a Graduate Luncheon for the SSS participants who have completed the requirements for graduation. This year 41 SSS students will graduate from ANC. The Graduate Luncheon is one way of showing the students that SSS is very proud of their achievements and urges them to continue to pursue their dreams. The luncheon was held May 10th at the Holiday Inn, and SSS graduates were presented with gift bags and certificates. It is the goal of Student Support Services to make sure that students at ANC have a positive experience, stay in college, and graduate or transfer. The SSS staff enjoys assisting the students, helping to develop a sense of belonging, and seeing them accomplish their goals. Student Support Services staff includes: Director, Lisa McGhee; Retention Coordinator, Leslie Lewis; Academic Advisor, Trina Anderson; and Program Coordinator, Stephanie Erby.

You are cordially invited to attend the ADN Nursing Pinning Ceremony on Wednesday, May 15th at 5:30 pm in the ANC Briggs-Sebaugh Wellness Center.
